EXPERIENCE

Software Intern — Jun 2023 - Dec 2023
Phoenixgen Systems Pvt Limited — *Baner, Pune*

- Executed web data extraction utilizing Python, Selenium, WebDriver, API keys, and CSE IDs for enhancing web scraping expertise..
- Performed data cleaning, text extraction, feature mining, and enrichment using regular expressions for improved data quality.
- Contributed to devising the logic and architecture of a data extraction app for efficient data processing,organization, and management of both processed and unprocessed data.
- Conducted Job Assignments

LEADERSHIP

- Successfully led a cohort of 20 interns during my internship tenure, assigning them tasks and seamlessly integrating their contributions. This leadership led to the timely completion of assigned tasks and enhanced team efficiency.

PROJECTS

Portfolio Website. Crafted a dynamic and visually appealing portfolio website using HTML, CSS, JavaScript. With smooth navigation and responsive design, my portfolio serves as a compelling representation of my abilities by showcasing my skills, projects, and experience, leaving a lasting impression on recruiters and clients alike.(View it here)

BlogSphere. Developed,deployed and managed a personal blog website, serving as a platform where I regularly publish insightful content pertaining to the latest technological trends, gaming, and news.(View it here)

NovelVue. Created a comprehensive book management tool using HTML, CSS,Bootstrap and JS, featuring advanced functionality to analyze and display frequency of occurrence for both most and least popular words in each book. (View it here)

News App. Developed using front-end technologies. It offers users a coherent experience to stay informed about the latest industry trends,sports and political affairs with easy navigation (View it here)

Music player. The Arduino Music Player project is a hands-on endeavor that enables the creation of a personalized music player using Arduino technology. With a quick assembly of essential components like the Arduino Nano, SD Card Module, and speakers, this project allows for the seamless playback of ".wav" audio files (Documentation)

EXTRA-CURRICULAR ACTIVITIES

- Former Toastmasters participant (Toastmasters Club is an organization that focuses on improving public speaking, communication, and leadership skills of its members through a structured and supportive learning environment.)

- Passionate towards writing blog posts where I dish out my unfiltered opinions on everything from sizzling tech trends to the gaming universe and juicy global news.

- Ardent Movie watcher and Video editor.

LANGUAGE PROFICIENCY

- English(Proficient)

- Hindi (Higher Intermediate)

- Marathi(Intermediate)
